The Building

DanceEast is at the Jerwood DanceHouse in Ipswich. This is based on the corner of Foundry Lane and Saint Peters Dock along Ipswich Waterfront.

This is what the main entrance looks like from the outside.

There are two sets of sliding doors you walk through to enter.

Once you enter, you will be greeted by our friendly team at the box office. This is where you will sign in and out each class.

Our foyer space is on the left-hand side of the box office. This is where you will meet the artists before class starts.

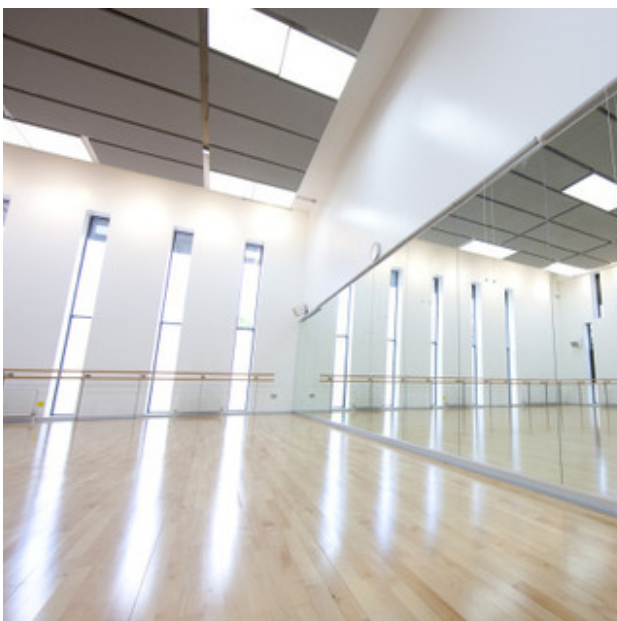

There is a watercooler in the foyer if you get thirsty.

There are lots of toilets around the building. Some can be found to the left of the box office. There are more toilets outside the studios you will be dancing in. There are male, female, all gender, wheelchair access and baby changing toilet facilities.

At the end of the Foyer are doors that lead through to the Wellbeing Studio where Springboard classes will take place.

The studio has mirrors on two sides of the room. Lighting brightness can be adjusted.

There are more toilets just outside of the Wellbeing Studio. Toilets are accessible and suitable for all genders.

You can always ask any of our DanceEast staff questions. They wear black lanyards with a white DanceEast logo on it.

The whole team can't wait to welcome you to
Springboard Classes!
